

# PROTECT YOUR ONLINE REPUTATION!

## Your Online Reputation Is Important!

Employers, colleges, and even police are looking at your online profiles (including your pictures, friends, updates, and “liked” pages from Facebook, MySpace, and YouTube)!

Are you happy with what they are seeing?

**Rule #1:** If you don't want something posted on a sign RIGHT in front of your house/ residence, do NOT post it online!

**Rule #2:** If you do not want your parent, grand parent, child, brother, or sister reading what you post, do NOT post it online!

**Rule #3:** Look through your profile very carefully and delete any pictures, posts, or pages that put your reputation in danger. Inform your friends to think before they post on your page!

### Think before you post!!!

#### Jackie Jane

Is going to have a CRAZY weekend full of ILLEGAL activities!!  
Good thing I got sleep last night!!!
